RM275/M30-1200

REMOVABLE ANTI-TERRORISM BOLLARD

The removable bollard RM275/M30-1200are typically used to prevent the parking , transit and access of unauthorized vehicles in sensitive sites. It is advised that the removable bollard is used only if the amount of daily movements is limited (if not, the automatic version should be used) or when the depth of installation does not allow for the installation of the automatic bollards.
